

The FDNY Families With Special Needs support group has been formed in co-operation with the FDNY CSU and some very dedicated volunteers. The support group is for FDNY members and includes:

- ***All Disabilities (Developmental & Physical)***
- ***All Family Members (Children, Siblings, Spouses, Parents)***
- ***All Ages (Children, Teens, and Adults)***
- ***Active & Retired***

The group meets monthly through out the year. Meeting times, dates, and location are sent out by email. They are also posted and available via Diamondplate and Intranet. The meetings are 'kitchen table' format and focus on providing a network of families and information.

If you would like to receive emails about the group, please forward your email address to:
