Dear Member,

National Plus PPO-Extended Network GG-144N - Program Enhancements

We are pleased to announce that The Uniformed Fire Officers Executive Board has recently approved significant increases to UFOA member dental benefits. Effective January 1, 2022, the below new benefits will go into effect. These newly enhanced benefits are designed to lower your out-of-pocket costs.

Benefit Enhancements

Member Co-Pay Decrease	The National Plus PPO is an extended network that has over 740,000 participating providers across the United States. In an effort to lessen your financial burden, the board is increasing the amount we pay by 10% which will decrease your member co-payment by 10%.The cost we incur for this program is higher than our other programs because of the provider fees based on the zip codes that these providers reside in.
Implant Coverage	The fund has approved coverage of (1) implant per year.

Our oral health plays a significant role in our overall health. Please take this opportunity to use your newly enhanced dental benefits.
